

uOttawa MedGlobal Summer School: Where Innovation Meets Compassion

WHY JOIN THE UOTTAWA MEDGLOBAL SUMMER SCHOOL?

Are you an aspiring physician looking to broaden your clinical knowledge, experience a world-class healthcare system, and immerse yourself in Canadian culture—all in one unforgettable summer?

The MedGlobal Summer School, offered by the University of Ottawa's Faculty of Medicine, brings together future medical leaders from around the world for a four-week immersive experience. Through high-impact academic programming, hands-on clinical activities, and cultural exploration in the heart of Canada's capital, you'll gain the knowledge, perspective, and connections to thrive in the global health landscape.

Key Features of the uOttawa MedGlobal Summer School

World-Class Medical Education

- The University of Ottawa ranks among the Top 100 universities globally for Clinical Medicine and is home to Canada's first and largest bilingual Faculty of Medicine.
- Our curriculum is evidence-based, student-centered, and grounded in humanistic and global health values.

Hands-On Clinical Training

- Access our state-of-the-art Skills and Simulation Centre (uOSSC)—one of the largest & most advanced in North America.
- Train using virtual reality tools, high-fidelity mannequins, and interactive simulation labs designed for real-world practice.

Leading Anatomy Instruction

- Experience instruction by expert faculty from our renowned graduate program in Anatomical Sciences Education.
- Receive personalized feedback and clinically relevant instruction using real cadaveric specimens in modern lab facilities.

A Global Perspective

- Designed by the International and Global Health Office, this program reflects uOttawa's commitment to global partnerships and inclusive, forward-looking medical education.

Study in Canada's Capital

- Ottawa offers the ideal setting for summer learning: safe, vibrant, and surrounded by history and nature.
- Visit Parliament Hill, the UNESCO World Heritage Rideau Canal, over 25 museums, and enjoy outdoor experiences on the Ottawa River.

A Dynamic Campus

- Our downtown campus welcomes 48,000 students from 150+ countries in cutting-edge learning spaces.
- Enjoy comfortable on-campus accommodations and access to university amenities throughout your stay.

Apply Today and Be Part of a Global Network of Future Physicians!

Whether you're preparing for medical school or looking to enrich your undergraduate medical education during your pre-clerkship years, the MedGlobal Summer School is your opportunity to think bigger, learn deeper, and lead with purpose.
